Dear Research Director

The Queensland Family of Child Commission (QFCC) is pleased to provide our support to the amendments proposed under the Health and Other Legislation Amendment Bill 2016.

The QFCC supports the intent of the amendments to protect and improve the health of children and young people in Queensland. We also support the amendments which will make the age of consent for sexual intercourse consistent.

In addition we wish to use this opportunity to advocate for the continued focus and promotion of children and young people as a priority group for access to sexual and reproductive health services.

Should you wish to discuss this matter further, please do not hesitate to contact Zara Berkovits, Manager, Policy and Community Resources, phone: [REDACTED]

Yours sincerely

[REDACTED]
